Statistics Law of Turkey

With the **Statistics Law of Turkey (2005)**, regulations made on;

- Statistical Council,
- Official Statistics Programme,
- Organizational structure of TurkStat,
- Access to administrative data,
- Principles on the national register systems,
- Confidentiality of information,
- Scientific and technical autonomy,
- Terms and procedures relating to the appointment of President.

**Laid the
foundation of
the Turkish
Statistical
System**

Statistical Council

- An advisory body of the Turkish Statistical System
- Meets at least once a year
- Advises on the implementation and development of the official statistics
- Determines the needs for official statistics and discusses the problems and future works

Composition of Statistical Council:

- Public authorities
- Academicians
- Professional associations
- Non-governmental organizations

Turkish Statistical System

- TurkStat is the main actor of Turkish Statistical System and affiliated to the Ministry of Treasury and Finance
- Other actors are Central Bank, Ministries and other Institutions having administrative registers

Coordination Role of TurkStat

- Coordination role of TurkStat is regulated by the Statistics Law (2005)
- Main coordination tools
 - Official Statistical Programme (OSP)
 - National Data Release Calendar
 - Official Statistics Portal

Coordination Role of TurkStat :

Official Statistics Programme

- Establishes a framework for official statistics
- Third implementation period covers 2017-2021
- Defines all authorities and their duties, responsible for producing official statistics
- Defines the methodology, period, date of dissemination of all official statistics produced in Turkey
- Covers 59 organisations, 314 statistical subjects

Coordination Role of TurkStat: National Data Release Calendar

- Prepared by TurkStat in close coordination with stakeholders, and published regularly each year since 2007
- Publication dates and times of official statistics are announced in advance so that decision-makers and users could be informed timely
- Main tool indicating the name of the news release, release date, period and responsible institution

Coordination Role of TurkStat:

Official Statistical Portal

- Established to serve as a common portal for Turkish Statistical System
- This Portal includes detailed information for users regarding
 - The Programme (OSP) and Statistical Council
 - National Data Release Calendar
 - Meetings, minutes and participants of the working groups
 - Key indicators of Turkish economic and social structure
 - A link to the Classification Server

Official Statistics Portal: <http://www.officialstatistics.gov.tr/?q=en>
